

## Where are my Lab Bucks?

We didn't forget your Lab Bucks...we're going electronic!

**Another Green Initiative from Weber Scientific!**

Effective March 21, 2016 we're replacing the paper Lab Bucks with a new electronic Frequent Buyer Program. This will be easier for you and will help us move towards our sustainability vision. Here's how it works:

- 1) Register:
  - a. Go to [www.weberscientific.com](http://www.weberscientific.com).
  - b. Click on the "frequentbuyers.weberscientific.com" link located at the bottom of the home page.
  - c. Click on the "Continue to Login/Registration page" button.
  - d. Create your login information (email address and password of your choice). Please note that this program is designed for one user per company location.
  - e. Under the "Registration" section, you must include your Weber Scientific customer number and ship-to number as this is how your Lab Bucks are calculated from your account. Please contact our customer service department at the number below if you need this information.
- 2) Once you've logged in:
  - a. Your available Lab Buck points will be shown in the upper right corner. As purchases are made and items redeemed, your available points will adjust accordingly.
  - b. Add your selected items to the shopping cart and check out.
  - c. You can choose whatever ship-to address you want, whether business or residential, however, residential addresses will not be saved in this system.
- 3) Your paper Lab Buck points will remain valid:
  - a. When mailed in with an order form.
  - b. If mailed in with a request to load the Lab Buck points into your electronic point bank.
- 4) Your order will then be processed for shipment within 2 to 8 weeks or sooner, if your selection(s) are available. Note that no shipment records are maintained on this Frequent Buyer website once completed.

This program has been specifically designed as a way for us to express our continued gratitude to our many loyal customers – again and again.
