

Safety Data Sheet

1.	PRODUCT AND COMPANY IDENTIFICATION		
	Product Name:	Q-Swab [™] (Letheen Broth)	
	Product Number:	Q\$1200	
	Brand:	Hygiena	
	Company:	Hygiena USA	
		941 Avenida Acaso	
		Camarillo, CA 93012, USA	
	Telephone:	805-388-8007	
	Fax:	805-388-5531	
	Emergency Phone:	888-494-4362	
	E-mail:	info@hygiena.com	

2. HAZARDS IDENTIFICATION

This preparation is classified as non hazardous. It does not contain any substance in concentrations presenting a health hazard per Directives 67/548/EEC and 1999/45/EC.

COMPOSITION/INFORMATION ON INGREDIENTS				
Letheen Broth (phosphate Buffered)	Formula	N/A		
	Molecular Weight	N/A		
	CAS-No	N/A		
	EC-No	N/A		
	Index-No	N/A		
	Classification	H315,H319,H335		
FORM: Solution is contained in bulb of device ~ 1.5mL. Sample pick up swab in plastic tube. If used				

according to manufacturer's instructions; the Buffer solution in bulb will not come in contact with the operator or sampling location.

4. FIRST AID MEASURES

If inhaled

If breathed in, move person into fresh air. If not breathing give artificial respiration and seek medical advice. In case of skin contact

Wash with soap and plenty of water and seek medical advice.

In case of eye contact

Flush eyes with copious amounts of water and seek medical advice.

If swallowed

Never give anything by mouth to an unconscious person. Rinse mouth with water and seek medical advice.

5. FIRE-FIGHTING MEASURES

Not readily combustible. Burning plastic will give out fumes.

Suitable extinguishing media

Use water spray, alcohol resistant foam, dry chemical or carbon dioxide.

Special protective equipment

Wear self contained breathing apparatus for fire fighting if necessary.

6.	ACCIDENTAL RELEASE MEASURES					
	Personal precautions					
		e 1	personal protective equipment required.			
	Environmental precautions					
	None					
	Methods for cleaning up					
	Dilute with water and flu	sh to waste.				
7.	7. HANDLING AND STORAGE					
	Handling					
	Handle according to GLP (Good Laboratory Practice) use as directed by manufacturer.					
	Storage					
	Keep refrigerated between 2-8°C and keep in foil bag to protect from light.					
8.	EXPOSURE CONTROLS/PERSONAL PROTECTION					
	Contains no substances with occupational exposure limit values.					
	Personal protective equipment					
	No personal protective equipment required for normal use. Handle according to GLP (Good Laboratory					
	Practices).					
	Respiratory protection					
	Not required.					
	Hand protection					
	For prolonged or repeat contact use protective gloves. Eye protection					
	Safety glasses. Hygiene measures					
	General Industrial hygien					
9.	PHYSICAL AND CHEMICAL PROPERTIES					
	Appearance	Form	Liquid in bulb of device, sample pick up swab in plastic			

Appearance	Form	Liquid in bulb of device, sample pick up swab in plastic
		tube.
	Color	Straw color
Safety Data	рН	Neutral
	Melting point	N/A
	Boiling point	N/A
	Flash point	N/A
	Ignition Temp	N/A
	Lower exposure limit	N/A
	Upper exposure limit	N/A
	Water solubility	Readily miscible with water

10. STABILITY AND REACTIVITY

Storage stability

Stable. Keep refrigerated between 2 - 8°C. Keep in foil bag to protect from light. Materials to avoid

None.

Hazardous decomposition products

Plastic components may emit toxic fumes if combusted.

11. TOXICOLOGICAL INFORMATION

Hazardous properties are unlikely when handled appropriately. The product should be handled with the care usual when dealing with chemicals.

12. ECOLOGICAL INFORMATION

No environmental hazard is anticipated provided that the material is handled and disposed of with due care and attention.

13. DISPOSAL CONSIDERATIONS

Product

Observe local, State and Federal environmental regulations. The device itself is not bio hazardous. If the sample collected gives a positive result then dispose of device as bio hazardous material per Good Laboratory Practices.

Contaminated packaging

Dispose of as unused product.

14. TRANSPORT INFORMATION

Not subject to transport regulations.

15. REGULATORY INFORMATION

Labeling according to Globally Harmonized System (GHS) of classification and labeling of chemicals No special labeling required, hazardous components are deemed non hazardous due to concentration in final preparation.

16. OTHER INFORMATION

This preparation is classified as non hazardous. It does not contain any substance in concentrations presenting a health hazard per Directives 67/548/EEC and 1999/45/EC.

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. Hygiena and its affiliates shall not be held liable for any damage resulting from handling or from contact with the above product.
