Weber Scientific's Frequent Buyers Program

This program has been specifically designed as a way for us to express our continuous gratitude to our loyal and valued customers. It has grown immensely in popularity and we are pleased to offer you these entertaining and whimsical FREE gifts! We hope you enjoy them!

Here's how it works:

"Lab-points" are earned on every order of \$50 or more. The number of points earned is based on the total value of your purchases. For every \$50 in purchases, you will earn 10 Lab-points.

For Example:

Spend \$50.00 - \$99.99, get **10 Lab-Bucks**

Spend \$100.00 - \$149.99, get **20 Lab-Bucks**

Spend \$150.00 - \$199.99, get **30 Lab-Bucks**

And so on.

Our online system automatically calculates and add points to your account for every eligible order. It also adjusts your points as items are redeemed. Whether your order is placed by phone, fax or online, your points are added. Lab-points can be redeemed at any time and never expire.

Creating a Frequent Buyers account is quick and easy by following the registration steps to the right.

After your order has been placed, you'll notice that your available points have been adjusted accordingly.

To our long-standing customers who still have paper Lab-bucks from our previous program:

- You can still redeem these by mail. Please contact customer service for an order form, if needed, or,
- You can mail your bucks to us and we'll load the equivalent point value into your electronic point bank.

To our newer customers and to those who have not yet created a Frequent Buyers online account:

- Lab-points for all qualifying purchases made since our electronic program became effective on 3/21/16, have been added to your bank and continue to accrue even though you haven't created an account! These points are ready for redemption at any time once an account has been created.

Please allow 2 to 8 weeks for delivery (usually sooner if your selection(s) are available). This program is only available to customers and locations within the U.S. and no shipment records are maintained on the Frequent Buyer website. In the event of a model change or discontinued product, you will be offered the choice of a new model or another selection having the same point value. We reserve the right to cancel this program at any time without prior notice. Invalid where prohibited by law or institutional policy.

Create a Frequent Buyers account

To Register:

- Go to www.weberscientific.com.
 - Click on the "frequentbuyers.weberscientific.com" link located at the bottom of the home page.
 - Click on the "Continue to Login/Registration page" button.
 - Under the "Registration" section, enter your customer and ship-to number followed by an email address and password. **Please note: 1) the system is designed for only one email account and password per company location, and, 2) since your Lab-points are linked to your purchases, please contact customer service at 800-328-8378 if you don't know your customer and/or your ship-to number.**
- Once you've logged in:
 - Your available Lab-points will be shown in the upper right corner and you can begin selecting items.
 - After your gift(s) have been selected, click on the "cart" link in the upper right corner.
 - You will now see the gift(s) chosen and the "Ship to address" section. The ship-to location that we have on file will automatically populate. You can change this address to a different business location or to a residential address, however, the changed address will not be saved in this system for future orders. Also, in the "Reference" field, please enter "FBP".

Charity

NEW!

Working together to end hunger

The Feeding America network is the nation's largest domestic hunger-relief organization. Together with individuals, charities, businesses and government we can end hunger.

In a country that wastes billions of pounds of food each year, it's almost shocking that anyone in America goes hungry. Yet every day, there are millions of children and adults who do not get the meals they need to thrive. We work to get nourishing food – from farmers, manufacturers, and retailers – to people in need. At the same time, we also seek to help the people we serve build a path to a brighter, food-secure future.

When you support Feeding America, you are helping our nationwide network of food banks deliver programs at the front line of hunger. Donate your points to help end hunger in America.

Give an Udderly Original Gift

Since 1944 Heifer has helped 32 million families in more than 125 countries. For detailed information, please visit their website at www.heifer.org.

Chicks: A Good Choice

A flock of chicks can help families from Cameroon to the Caribbean add nourishing, life-sustaining eggs to their inadequate diets. The protein in just one egg is a nutritious gift for a hungry child. A good hen can lay up to 200 eggs a year - plenty to eat, share or sell.

Heifers Equal Hope

A good dairy cow can produce four gallons of milk a day - enough for a family to drink and share with neighbors. Milk protein transforms sick, malnourished children into healthy boys and girls. The sale of surplus milk earns money for school fees, medicine, clothing and home improvements.

Ducks Give by the Dozen

A flock of ducks provides a family with a starter flock of ducklings. For millions around the world, duck eggs form the cornerstone of a healthy diet. Duck gifts benefit the family because they:

- Yield eggs and protein for nourishment
- Boost income through sales of ducks, their eggs, feathers and down

Help End Hunger with a Milk Menagerie

The gift of a milk menagerie includes four milk-producing animals: two goats, a water buffalo and a quality-breed heifer. Gallon after gallon of precious milk will provide nourishment for hungry families. Extra milk can be sold, and the money allows families to afford health care and education for those who previously had no access to them. And as the families pass on the gift to others in need, this generous gift will provide a better life for generations to come.

The Gift of a Water Buffalo Can Change Lives

The carabao, a type of water buffalo, is the national animal of the Philippines. A water buffalo is often considered a farmer's most prized possession.

A farmer can plant four times more rice with a water buffalo than by hand, meaning a more bountiful harvest.

Flock of Geese Provides Nutrition and Security

Geese can lay up to 75 eggs a year, so the benefits add up quickly for families in need of protein and a means of income. Your gift of geese grants the opportunity to lift a community out of hunger and poverty.

Honeybees Sweeten a Family's Financial Future

Sometimes it's the smallest gifts that make the largest impact. Healthy beehives can double fruit and vegetable yields of small farms. Boosts income through sales of honey, wax and pollen. Let your honeybee donation turn a family's struggle into a lifetime of opportunity.

Rabbits Reward Families

Donate rabbits and provide a high-yield gift that will help families increase their income and improve their health. Because rabbits can have as many as six litters in a single year, they can pass on the gift fairly quickly, enriching the lives of an entire community through your gift.

Sheep Bring "Shear" Joy

The wool that sheep provide is a valuable resource, providing warm clothing for families and children living in harsh environments. Entire communities depend on sheep for their livelihood. Donating sheep gifts to a community:

- Boosts income through sales of extra wool
- Enable families to pass on the gift to others quickly

Pigs Prove Prosperity is Possible

Pig gift donations are an excellent fit for some of the poorest families Heifer serves. Your donation provides a family with much needed protein and nourishment. A pig produces as many as 16 piglets that can be sold for income.

A Goat is the Gift of Sustainability

Goats nourish hungry children and families with healthy milk, cheese, and yogurt. Goats also give a much-needed income boost by providing offspring and extra dairy products for sale at the market.

A healthy dairy goat can give up to 16 cups of milk a day. Goats are practical animals — flourishing in harsh climates while producing valuable manure to fertilize crops and vegetable gardens.

A Llama Provides Income

Llamas provide wool, prized for making blankets, ponchos, carpet and rope. But they are also used as pack animals, and their wool can be sold for income. The milk llamas provide is lower in fat and salt and higher in calcium than cow or goat milk.

Dairy Animals Provide Cheeses of the World

The Cheeses of the World gift basket is made up of four milk-producing animals: a goat, a sheep, a water buffalo and a heifer. Families will also receive training on the animals' care. Each Cheeses of the World gift basket:

- Provides an abundance of milk to make cheese, butter and yogurt
- Increases wealth by providing dairy products that can be sold

The Cheese Vault

Convenient effective way to store cheese

The Cheese Vault is a simple and reusable way to store your artisan cheese. Cheese experts agree that the worst possible way to store your cheese is the way we all do it – by wrapping it in plastic wrap. Cheese needs to “breathe” and eliminate excess moisture to maintain its flavor and delay molding just like in a cheese cave.

The Cheese Vault is made of food-grade silicone and features a bottom designed to wick away excess moisture and a top that means any moisture that does collect on the interior lid is directed away from the cheese.

It is ridiculously simple to use - just put the cheese inside, identify the name of the cheese and date stored on the outside, put the lid on top and store in the refrigerator.

Canus

We soothe, we soften and we do it naturally!

Goat's milk has a well documented history as an ancient moisturizing additive. It is rich in proteins, vitamins and minerals. These components found in goat's milk are quickly and easily absorbed, passing their beneficial properties to the body's largest organ – the skin. Original Fragrance for the whole family to enjoy.

Goat's Milk Lotion

- Made with Fresh Goat's Milk, naturally rich in proteins, vitamins, minerals and triglycerides.
- Does not contain parabens and phosphates
- Finished products are not tested on animal
- Contains eco-friendly preservatives, and does not contain gluten

All-natural, non-greasy and paraben-free lotions get right to work, softening dry spots and restoring your skin's natural suppleness. Goat's milk contains capric and caprylic acids which reduce the alkalinity found in many skin care products. You will enjoy the soft, clean feeling and all the nourishing benefits of fresh goat's milk.

NEW! McConnell's Fine Ice Creams

The Finest Ice Creams. Made from Scratch.

We only use ingredients that are local, sustainable and organic, from many of the same farms & purveyors we've partnered with throughout our almost 70 year history. Dense and pure-flavored, with smooth, consistent texture and a rich, velvety mouth feel. 70-years of craft, pushing for something greater, and, with a few, simple ingredients, ending up someplace magical.

DUTCHMAN'S CHOCOLATE: Tulips. Windmills. Coffee shops. Three things the Dutch do well. Add to the list smooth, mouth-filling Guittard® cocoa, a splash of R.R. Lochhead® vanilla, and Central Coast, grass-fed milk & cream.

VANILLA BEAN: Sourced from the Madagascar farms of 50+ years, McC's partner, vanilla revolutionary/guru R.R. Lochhead. The very same, full-flavored, classic 'nilla-liciousness we've been kicking down since forever.

MINT CHIP: Visions of scorching, hot summer days. Poolside, toes dancing on hot cement. Organic peppermint bathed in Central Coast, grass-fed milk & cream and our melted, bittersweet chocolate chip. Childhood was never this good.

DOUBLE PEANUT BUTTER CHIP: Thick and creamy peanut butter, folded into peanut butter-infused, Central Coast, grass-fed milk & cream, alongside shards of melted, bittersweet chocolate. A moment of silence for all other peanut butter-based ice creams.

COOKIES & CREAM: Decadent, dense and velvety smooth, Sweet Cream ice cream, paired with rich, chewy chocolate cookies from the gang that wrote the book on "doing well by doing good", Newman's Own Organics®.

CHOCOLATE COVERED STRAWBERRIES: Local, picked-at-their prime, Santa Barbara strawberry preserves, bathed in sweet cream and set off by our deliciously dark, melted, bittersweet chocolate chip.

Buttermilk and Maple Pancake Mix

Round up the gang for a rousing breakfast!

Buttermilk and Maple is the best selling pancake mix from Sugarbush Farms. Pancakes will grill up light and fluffy making them ideal for soaking up Pure Vermont Maple Syrup. This 1½ lb pancake mix will surely please everyone at the table whether for breakfast or dinner.

Pint of Pure Vermont Maple Syrup

Medium Amber

The Sugarbush Farm family is famous for its Pure Vermont Maple Syrup made right on their hillside farm. In early spring, sap is collected from over 6000 trees with the help of Belgian draft horses. The sap is boiled down in the family sugarhouse over a wood fire.

This 16 oz jug is the perfect size for a large family breakfast. Heat the syrup in the microwave for 15 seconds to keep the pancakes hot. The attractive plastic jug will keep syrup fresh in the fridge for up to 2 years.

LAB-CHOCOLATE

"Chemically speaking, chocolate really is the world's perfect food."

- Michael Levine, Author

Chocolate has just the right chemistry

According to a study by the University of Michigan, chocolate contains chemicals called opioids. Opioids are also found in opium that can dull pain and give you a feeling of well-being. Therefore, people who eat chocolate produce natural opiates in their brains that can soothe their nerves and make them feel good. So feel good, indulge in our Lab-Chocolate it is 1.55 oz. of Hershey's milk chocolate. Go ahead it's good for you!
